

SUNDAY SCHOOL NETWORK INTERNATIONAL

BACKGROUND

The first conference of Pentecostal North American Keralites held in 1983 in Oklahoma City was the beginning of organized combined activities for the Malayalee Pentecostals in Canada and USA. During the early 90's Sunday School Teachers met regularly at the annual Pentecostal Conference of North American Keralites (PCNAK). This initiative marked the humble beginning of the present day SSNI. A 3-day meeting of 18 members in NY to develop a Sunday school curriculum under the leadership of IPC North American Council was the first organized effort to move forward.

The creation of a body of 4 National Coordinators during the 18th PCNAK in Oklahoma City led to the formation and establishment of the SSNI, which was changed to a National Board during the 19th PCNAK in California. This board was charged with the responsibilities to coordinate, establish and register SSNI as an independent (501 C) entity fully compliant with government regulations and thus the SSNI was created in its present form and structure.
